CALL FOR ABSTRACTS

The controversies and challenges of reproductive ethics arise from new technologies, political and ideological divisions, theology, and changing cultural norms. The goal of this conference is to explore and expand the range of topics addressed in reproductive ethics.

We are seeking abstracts for presentations. Each accepted speaker will have a 30-minute presentation time (20 minutes to present, 10 minutes for Q&A). Graduate and medical students are encouraged to apply, and there will be an award for the best student paper.

The deadline for abstracts is December 31, 2018. Please limit abstracts to 250 words. Submissions will receive a response by January 21, 2019. Abstracts should be sent to bioethics@amc.edu.
