The Oncofertility Consortium has a NEW Fertility Preservation Resource for Primary Care Providers!

Visit us online at http://oncofertility.northwestern.edu/primary-care-providers to learn more about the critical role primary care providers have in oncofertility care.

We created an **Oncofertility Decision Tool Web Portal** for primary care providers! Our web portal is a library of oncofertility resources, such as:

- *Communication strategies* for discussing fertility preservation options with patients of all ages and their family members
- *Decision Aids and Tools* for facilitating fertility preservation decision-making
- *Up-to-date information* on fertility preservation techniques and technology
- *Patient educational resources* (print & online; English & Spanish)

The **Primary Care Providers’ Resource Page** also provides access to:

- Virtual Grand Rounds
- Earn CME Credit
- Provider Pocket Guides
- Non-Malignant Condition Summaries
- Billing and Insurance Information
- The National Physicians Cooperative- a nationwide network of fertility preservation providers
- The Oncofertility Consortium Blog
- Community and Online Support Resources for Your Patients
